Spending Account Reimbursement Service Agreement

x. Non-waiver

The failure of either Party, in any one or more instances, to demand strict performance or compliance with any of the terms or conditions of this Agreement or to take advantage of any of its rights shall not operate or be construed as a waiver of any such terms or conditions or the relinquishment of any such rights. All such terms or conditions and rights shall continue and remain in full force and effect.

y. Notices

All notices under this Agreement shall be in writing and may be served on each Party's representative by hand; facsimile; regular mail; or courier; addressed to such designated representative at the address indicated. These services include Payment activities, Health Care Operations, and Data Aggregation as these terms are defined in 45 C.F.R. § 164.501 and consistent with the HIPAA Privacy Rule. In connection with the services to be performed pursuant to the Spending Agreement, AmeriHealth New Jersey is authorized to use or disclose PHI it creates or receives for or from the Program or to request PHI on the Program's behalf as follows:

 2. Use for AmeriHealth New Jersey's Operations.  3. Disclosures for AmeriHealth New Jersey's Operations. AmeriHealth New Jersey may disclose PHI it creates or receives for AmeriHealth New Jersey's proper management and administration or to carry out AmeriHealth New Jersey's legal responsibilities, but only if the following conditions are met:
 - a. The disclosure is Required by Law; or
 - b. AmeriHealth New Jersey obtains assurances, evidenced by written contract, from any person or organization to which AmeriHealth New Jersey will disclose such PHI that the person or organization will:
 - (i) Hold such PHI in confidence and use or further disclose it only for the purpose for which AmeriHealth New Jersey disclosed it to the person or organization or as Required by Law; and
 - (ii) Promptly notify AmeriHealth New Jersey (who will in turn promptly notify the Program) of any instance of which the person or organization becomes aware in which the confidentiality of such PHI was breached.
- B. Minimum Necessary Standard and Creation of Limited Data Set. AmeriHealth New Jersey's use, disclosure or request of PHI with regard to AmeriHealth New Jersey's functions and services performed under the Spending Agreement shall utilize a Limited Data Set, if practicable. Otherwise, in performing the functions and services in connection with the Spending Agreement AmeriHealth New Jersey agrees to make reasonable efforts to use, disclose or request only the minimum necessary PHI to accomplish the intended purpose of the use, disclosure or request.

2.2 Prohibition on Unauthorized Use or Disclosure

- A. Non-permitted Use and Disclosure of PHI. - A. AmeriHealth New Jersey agrees that with respect to Electronic PHI, these safeguards, at a minimum, shall meet the requirements of the HIPAA Security Standards applicable to AmeriHealth New Jersey.
- B. More specifically, to comply with the HIPAA Security Standards for Electronic PHI, AmeriHealth New Jersey agrees that it shall:

Spending Account Reimbursement Service Agreement

- (i) Implement administrative, physical, and technical safeguards consistent with (and as required by) the Security Standards that protect the confidentiality, integrity, and availability of Electronic PHI that AmeriHealth New Jersey creates, receives, maintains, or transmits on behalf of Program. AmeriHealth New Jersey shall document and keep these safeguards current, comply with the provisions of Section 2.3.C below with respect to such safeguards, and shall develop and implement policies and procedures that meet the Security Rule documentation requirements;
 - (ii) As also provided for in Section 2.5 below, ensure that any agent, including a subcontractor, to whom it provides such Electronic PHI, agrees to implement safeguards to protect it;
 - (iii) Report to Program Security Incidents of which AmeriHealth New Jersey becomes aware that result in: (a) unauthorized access, use, disclosure, modification, or destruction of the Program's Electronic PHI, or (b) interference with AmeriHealth New Jersey's system operations in AmeriHealth New Jersey's information systems in a manner that may affect Program's Electronic PHI (hereinafter referred to as "Successful Security Incidents"), AmeriHealth New Jersey shall report to the Program as specified in Section 4.1.A.);
 - (iv) For any other Security Incidents that do not result in unauthorized access, use, disclosure, modification, or destruction of Electronic PHI (including, for purposes of example and not for purposes of limitation, pings on AmeriHealth New Jersey's firewall, port scans, attempts to log onto a system or enter a database with an invalid password or username, denial-of-service attacks that do not result in the system being taken off-line, or malware such as worms or viruses) (hereinafter "Unsuccessful Security Incidents"), AmeriHealth New Jersey shall aggregate the data and, upon the Program's written request, report to the Program in accordance with the reporting requirements identified in Section 4.1.B.); and
 - (v) Consistent with Section 2.4 below, take all steps to mitigate, to the extent practicable, any harmful effect that is known to AmeriHealth New Jersey resulting from a Security Incident, including any reasonable steps recommended by the Program. Transmission of PHI shall include transportation of storage media, such as magnetic tape, disks, or compact disk media, from one location to another; and
 - (vi) Permit termination of the Agreement if the Program determines that AmeriHealth New Jersey has violated a material term of this Agreement with respect to AmeriHealth New Jersey's security obligations.
- C. Upon Program's request, AmeriHealth New Jersey will provide the Program with access to and copies of documentation regarding AmeriHealth New Jersey's safeguards for both Electronic PHI and non-electronic PHI. These safeguards shall extend to transmission, processing and storage of all forms of PHI. Transmission of PHI (regardless of form) shall include transportation of storage media, such as magnetic tape, disks or compact disk media, from one location to another.

2.4 Duty to Mitigate. AmeriHealth New Jersey and the Program agree to mitigate, to the extent practicable, any harmful effect that is known to either party resulting from a use or disclosure of PHI (regardless of form) by the other party in violation of the requirements of this Agreement and/or the Spending Agreement. More specifically, if AmeriHealth New Jersey or the Program, in its sole discretion, determines that the other party has engaged in an activity or practice that constitutes a material breach or violation of the other party's obligations under this Agreement and/or the Spending Agreement, AmeriHealth New Jersey or the Program (as applicable) shall take steps to cure the material breach or end the violation, as applicable. If AmeriHealth New Jersey or the Program (as applicable) determines that such steps are unsuccessful, AmeriHealth New Jersey or the Program (as applicable) may terminate this Agreement in accordance with the termination provisions of this Agreement, if feasible; or if termination is not feasible, report the problem to the DHHS.

2.5 Sub-Contractors and Agents. AmeriHealth New Jersey will require all of its subcontractors or agents to which AmeriHealth New Jersey is permitted by this Agreement (or is otherwise permitted with the Program's prior written approval) to disclose PHI created or received in connection with the Spending Agreement to provide assurances in writing that subcontractor or agent will comply with the same privacy and security obligations with respect to PHI that apply to AmeriHealth New Jersey (using contract language essentially similar to the language used by AmeriHealth New Jersey in connection with its own Business Associates) under this Agreement with respect to such PHI. Also, subcontractor or agent will require assurances in writing that its downstream subcontractors will comply with the same privacy and security obligations that apply to AmeriHealth New Jersey under this Agreement with respect to PHI that the downstream subcontractor receives, maintain, uses and/or discloses.

2.6 Data Aggregation Services. The Program agrees and recognizes that AmeriHealth New Jersey performs Data Aggregation services for the Program, as defined by the HIPAA Privacy Rule. In the course of performing normal and customary services, this data aggregation is an essential part of AmeriHealth New Jersey's work on behalf of the Program under the Spending Agreement. Accordingly, AmeriHealth New Jersey can perform these data aggregation services in its own discretion, subject to any limitations imposed by this Agreement. The term "Data Aggregation" is defined under the HIPAA Privacy Rule to mean, with respect to PHI created or received by a Business Associate in its capacity as the Business Associate of a Covered Entity, the combining of such PHI by the Business Associate with the PHI received by the Business Associate in its capacity as a Business Associate of another Covered Entity, to permit data analyses that relate to the health care operations of the respective Covered Entities.

Part 162. AmeriHealth New Jersey, Group and the Program recognize and agree that communications between the parties that are required to meet the Standards for Electronic Transactions will meet the Standards set by that Regulation. Accordingly, unless agreed otherwise by the Parties in writing, all communications (if any) for purposes of "enrollment" as that term is defined in 45 C.F.R. Part 162, Subpart O and "Health Plan Premium Payment Data," as that term is defined in 45 C.F.R. Part 162, Subpart Q, shall be conducted between the Group and either AmeriHealth New Jersey or the Program. For all such communications (and any other communications between Group and AmeriHealth New Jersey), Group shall use such forms, tape formats or electronic formats as AmeriHealth New Jersey may approve. Group will include all information reasonably required by AmeriHealth New Jersey to affect such data exchanges or notifications.

3.3 Communications Between AmeriHealth New Jersey and the Program.

All communications between AmeriHealth New Jersey and the Program that are required to meet the Standards for Electronic Transactions shall do so. For any other communications between AmeriHealth New Jersey and the Program, the Program shall use such forms, tape formats or electronic formats as AmeriHealth New Jersey may approve. AmeriHealth New Jersey shall cooperate with the Program in investigating the Breach and in meeting the Programs obligations under the Breach Notification Rule and any other security breach notification laws.

A. For Successful Security Incidents and Breaches of Unsecured Protected Health Information, AmeriHealth New Jersey, in good faith and without unreasonable delay, and in no event later than thirty (30) days after AmeriHealth New Jersey learns of such non-permitted access, use or disclosure, will provide to the Program a report which contains the following information to the extent that such information has been obtained by AmeriHealth New Jersey:

- (i) Identity (if known) of each individual covered under the Program health plan whose Unsecured Protected Health Information has been, or is reasonably believed by AmeriHealth New Jersey to have been accessed, acquired, or disclosed during such Breach, along with any other information required to be reported under the HITECH Act and regulations;

- C. For any other unauthorized access, use or disclosure of PHI such as unauthorized disclosures to providers, to AmeriHealth New Jersey's business associates or to another plan, where it is demonstrated by a risk assessment conducted by AmeriHealth New Jersey, that there is a low probability that the disclosure of the members' Protected Health Information has been compromised, AmeriHealth New Jersey will not provide notice and/or a report to the Program.

4.2 Termination for Breach

- A. Subject to Section 2.4 (Duty to Mitigate), the Program and AmeriHealth New Jersey each will have the right to terminate the Spending Agreement if the other party has engaged in a pattern of activity or practice that constitutes a material breach or violation of AmeriHealth New Jersey's or the Program's respective obligations regarding PHI under this Agreement and, on notice of such material breach or violation from the Program or AmeriHealth New Jersey, fails to take reasonable steps to cure the material breach or end the violation.
- B. If AmeriHealth New Jersey or the Program fail to cure the material breach or end the violation after the other party's notice, the Program or AmeriHealth New Jersey (as applicable) may terminate the Spending Agreement by providing AmeriHealth New Jersey or the Program written notice of termination, stating the uncured material breach or violation that provides the basis for the termination and specifying the effective date of the termination. If AmeriHealth New Jersey identifies for the Program aspects of the Program's Notice that are inconsistent with AmeriHealth New Jersey's Notice of Privacy Practices, AmeriHealth New Jersey is not obligated to follow the Program's Notice, so long as AmeriHealth New Jersey's Notice complies with the Privacy Rule. The Program will cooperate with AmeriHealth New Jersey in preparing a Notice that is consistent with AmeriHealth New Jersey's Notice.

6.3 Amendment of the Program's Notice of Privacy Practices

The Program and Group will notify AmeriHealth New Jersey of any material change in the Program's privacy policies, procedures or practices, including any material change in any plan administration function that Group may undertake, so that AmeriHealth New Jersey can revise its administration of the Program's Notices of Privacy Practices to conform to such material change (unless AmeriHealth New Jersey identifies inconsistent practices pursuant to the above paragraph).
